Product spotlight

The Palatable Pair whips up delicious gourmet items in the kitchen of the River Market's Le Fou Frog. You can find the products at www.palatablepair.com and at retail locations in eight states, including 20 stores in the Kansas City area.

The Kansas City owners, Susan and Kevin Miller, both have day jobs but hope to one day be in the restaurant business full time.

"It is a natural extension of what we love doing — entertaining," said Susan Miller. "We are extremely quality focused, and that won't change as we expand. This is a way we can segue into the restaurant business instead of diving in."

Palatable Pair's products include chutneys — Tomato Explosion, Apple Peach Infusion and Piquant Pear — Toasty & Spicy Almonds, and Blueberry Bliss compote.
